SWIM SCHOOL

Our swim school welcomes children of all abilities with the goal of creating water-safe, capable, and confident swimmers taught by nurturing, creative, and experienced instructors. We provide a warm, personalized experience and empower our swimmers, starting at 6 months old, to become brave and strong in the water, all while enabling a lifelong love of aquatics! Our Aquatics leadership has been trained to integrate a social/emotional lens on children's instruction, which aims to teach fundamental skills in a safe and joyful environment, building physical and emotional strength and self-esteem both in and out of the pool!

SN denotes classes for children with special needs and their families. For a full listing of programs through The Jack and Shirley Silver Center for Special Needs, visit mmjccm.org/special-needs.
